Comment Text :

1 -->The proposed plan to use Yucca Mountain as an underground repository is illegal  
2 under the Nuclear Waste Policy Act, immoral in it's disregard for the Shoshone Native  
3 people, and irresponsible in its diregard for public safety from radiation. I  
4 reccomend that high-level nuclear waste be kept on site in Monitered Retrievable  
Storage, above ground, were it was produced.
